Dear Mr. Lackman,

Thank you for your letter dated April 16, 2020, expressing concern for employers surrounding potential adverse effects to their experience modification with the presumption of work-related infections as a result of COVID-19.

Through our partnership and discussions with the National Council on Compensation Insurance (NCCI), it has been determined by NCCI these claims will be excluded from the impacted employers experience modification. Please be advised a rule filing is pending submission to the Department.

NCCI has updated their Frequently Asked Questions (FAQ) document on their website which answers this question as well as numerous others. Here is the web address:

Robert Muriel, Director
