About Foothold Technology

Founded in 2001, Foothold Technology offers a web-based software for human service providers, AWARDS, with a goal of creating a working environment in which our clients are liberated from the constraints of information management and are free to focus on their mission.

The Freedom to Focus on Your Mission

What is your role at your organization?

- Leadership
- Administration
- Quality Assurance/Compliance
- Program Director/ Manager
- DSP/ Front Line Staff

The Freedom to Focus on Your Mission

Agenda

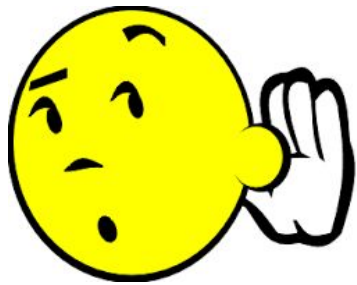

- Community Engagement
 - How we view partnerships and community engagement with the provider community
 -
- Lessons Learned
 - How Foothold helped our agencies transition during COVID-19 and what may stick in the future
 -
- Positive stories and trends

Community Engagement

- Who are we partnering with?
- What does community engagement mean to us?
 - Collaboration is key
 -
- What are we doing now and moving forward?

Initiatives

- **Project Expression:**
An art contest series for service recipients commemorating our company's core values and displaying the extraordinary skills and abilities of those you support.
- **We Are Listening:**
Open discussions to let people know we are listening and give people an opportunity to exchange ideas. We hope to help connect some resources from our unique position in the human service field.
- **Impact Prize:**
Each year, agencies submit the most impactful and inspirational things they've accomplished using AWARDS and we honor the innovative winners. We love celebrating the amazing work our clients are doing.

Initiatives

- 1% Pledge:
This global movement is creating a new normal in which giving back is integrated into the DNA of companies of all sizes. Pledge 1% encourages and challenges individuals and companies to donate 1% of equity, profit, product, and/or employee time for their communities. Foothold is proud to be a part of this global mission.

- B Corp:
Foothold Technology operates its business in accordance with the highest standards of verified social and environmental performance, public transparency, and legal accountability. Certified B Corporations form a community of people using their businesses as a force for good.

- What's next?

The Freedom to Focus on Your Mission

Poll Questions

- What systems are you currently using?
- What are your service types?
- Do you have a social enterprise?

Lessons Learned and Foothold Support

Nimble software that anyone can use

A trusted relationship
