HERE'S WHAT SOME OF OUR CUSTOMERS AND CLIENTS ARE SAYING

"We absolutely love the fact that our agency has moved to an online notes and billing system (DCI). By being able to sign the notes and billing electronically, we save time, resources, and the environment, thus making our relationship with our agency a more positive experience than it already is."

-Brian, Client's dad

"DCI's time-keeping, billing, and EVV system has simplified the payroll and receivables process at our agency. Not only do we get paid faster, the training and scheduling modules help ensure full compliance. Overall, we have reduced our paperwork and administrative hours, allowing our agency more time to focus on our mission."
