Sandata I/DD

Get More Right from the Start with Sandata I/DD

Whatever stage of life your business is in, using your resources to manage an array of priorities while keeping up with ever-changing regulations can leave you tired and feeling like you just can't seem to hit the mark.

What could you achieve if you:

▶▶ Consolidate your processes into an easy-to-use, robust software platform that integrates with other systems.

▶▶ Receive proper training and a knowledgeable customer service team to support you.

▶▶ Find the efficiencies and regulatory compliance you are looking for without compromising quality of care.

Sandata I/DD partners with agencies to make this happen. With over 40 years supporting provider agencies across the country, Sandata brings the experience, innovation, and customer-centric approach that makes it possible for agencies to **get more right from the start.**

Agencies benefit from software specifically designed for the I/DD industry.

Time Tracking and Staff Scheduling — 21st Century Cures Act Electronic Visit Verification (EVV) capable tool where staff can enjoy streamlined data entry, clock time, record billable and/or non-billable time with individuals, and view/maintain schedules.

Client Care — have all your client information, program planning, and incidents managed in a single spot, visible from a customizable dashboard.

Billing — by integrating with time tracking, you can isolate funding discrepancies, maximize contracted services, and improve cash flow.

Employee Care — empower staff with self-service options, electronic forms, and managing requirements. Here, applicant tracking and other human resources processes get streamlined.

Payroll — Sandata's payroll is designed for all payroll possibilities with features like unlimited, formula-based wage types, allocating payroll costs to numerous sites, locations, programs and individuals, and even batch processing of wages and reimbursements.

Financial Suite — managing accounts receivable, general ledger and payables in one system has never been easier with our fully integrated solution, which includes customized reports.

The Sandata team is waiting to hear about your agency challenges to help find the right solution. Start today with scheduling a call.
