

StationMD

The Telehealth Solution Serving Individuals With Intellectual and Developmental Disabilities

Behavioral Health Services

StationMD is proud to offer **Psychiatry** and **Psychology** Behavioral Health Services and is now accepting new patients! **Visits are by scheduled appointment only, with sign up and pre-registration required.**

When you work with StationMD to provide your residents or loved ones with tele-behavioral health services, you will have a dedicated psychiatrist or psychologist that will learn the needs of the person and develop an individualized treatment plan.

Our services include, but are not limited to:

Psychiatry

- ✓ General Counseling
- ✓ Medication Management
- ✓ Medication Optimization
- ✓ Medical Management of Side Effects
- ✓ Develop escalation plans

Psychology

- ✓ Couples & Group Counseling
- ✓ Cognitive & Adaptive functioning testing for placement or academic services
- ✓ Vineland Adaptive Functioning Testing
- ✓ Capacity Testing
- ✓ Evaluation for ICF Admission

Access & Set Up

The process is simple: you can access a physician via the StationMD app on any iOS or Android smart device, such as a tablet, mobile phone or tablet.

StationMD can provide additional equipment as needed, including a tablet and camera, to enhance your visit experience.
