

WHAT OUR CUSTOMERS ARE SAYING

"PMF have provided our company with excellent customer service and products for our clients. They have been very hospitable over the years. They send out thank you cards, goodies and birthday treats. We value doing business with them."
- Dasha G.

"I have been working with PMF for about a year now, and am pleased with the whole process. I spoke with Stephanie about samples, and received them promptly 3 days later. I also ordered supplies through her via telephone, and each time was a pleasant experience. I have also used the online option which was convenient, quick, and easy. The employees are great, the website is easy to navigate, and I recommend this company to anyone needing medical supplies."
- Amy S.

"Professional Medical Fulfillment (PMF) provides outstanding supplies and has an amazing staff of professionals who go above and beyond in the service they provide. If you are ever in need of incontinent, feeding or medical supplies, I highly recommend contacting PMF. You won't find a better company or a better staff any where else."

"PMF provides some of the BEST Customer Service of any business I know of. I rank them very high for customer service, follow-up with customers & their needs, and their offer of "samples" so that customers can try a product to ensure it works for them before purchasing in bulk, etc. Very nice staff, courteous, prayerful, always remembering their customers' birthdays,...the list goes on and on. It's no wonder that GOD Blesses this company & its staff. They truly LIVE the Golden Rule."

"I have had the pleasure of working with Professional Medical Fulfillment over the last 15 years. Their customer service is like no other; they are always kind and return calls/emails in a timely manner. Our clients are happy with their products and shipments arrive as scheduled. It's hard to find dedicated employees and businesses nowadays, but I can say that PMF is and our agency is proud to give them our business."
- Deborah W.

"Excellent company for SMS and other supplies. I have always gotten quick and professional responses from all of the team. Very helpful staff and will even suggest cost saving options that will fit our needs. I would recommend this company to anyone looking for medical supplies and equipment."
