WHY ANCOR?

ABOUT ANCOR

ANCOR's mission is to advance the ability of our members in supporting people with intellectual and developmental disabilities to fully participate in their communities.

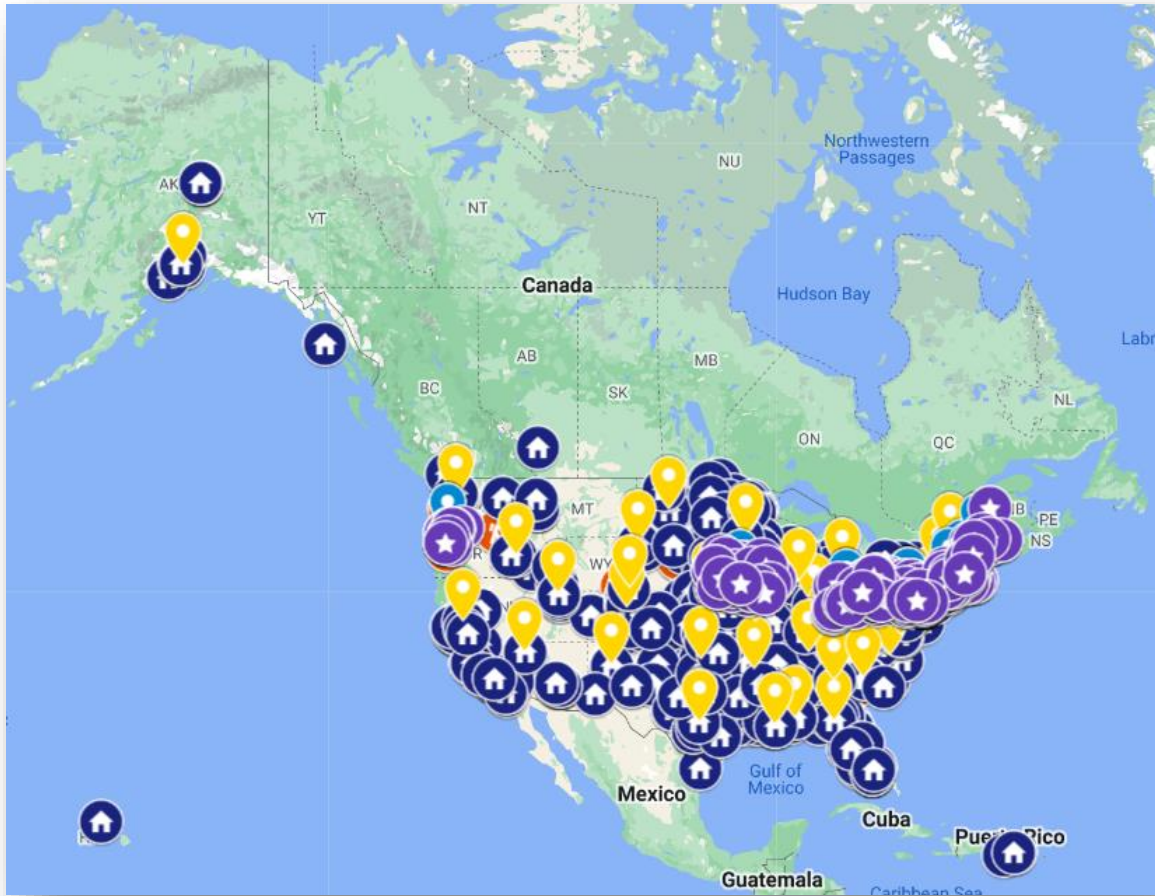

For more than 50 years, the American Network of Community Options and Resources (ANCOR) has been a leading advocate for the critical role service providers play in enriching the lives of people with intellectual and developmental disabilities (I/DD). As a national nonprofit trade association, ANCOR represents nearly 2,000 organizations employing more than a half-million professionals who serve more than one million individuals with I/DD. Our mission is to advance the ability of our members to support people with I/DD to participate fully in their communities.

Together we:

- **Shape policy:** We offer leadership and represent the needs and interests of private providers before Congress and federal agencies, continually advocating for the crucial role private providers play in enhancing and supporting the lives of people with disabilities and their families.
- **Share solutions:** We provide organizational, professional and leadership development; networking opportunities and services; innovations and leading practices in service delivery; and partnerships and collaborations that support our members in offering quality supports and services.
- **Strengthen community:** Our goal is to be the indispensable leader, resource and advocate for a diverse disability services network that ensures the full benefits of community engagement for people with disabilities of all ages.

ABOUT ANCOR

*Map of North America depicting where
ANCOR members are located*

ANCOR aims to:

- **Influence responsible federal public policy** to protect and promote quality services.
- **Obtain resources** to attract, expand and retain a quality workforce.
- **Be an invaluable resource** to equip providers and partners in understanding and responding to impacts, opportunities, emerging practices and trends.
- **Shape the future of service delivery** models and measures to ensure sustainable services.

ABOUT THE CONFERENCE

Each year, the ANCOR community comes together for three days to celebrate our accomplishments from the past year, look forward to the challenges and opportunities ahead, and celebrate the people whose imagination makes possible community inclusion for all.

In that spirit, the theme for the 2023 ANCOR Annual Conference, *Possibility Unleashed*, takes us straight to the heart of that mission. Together with you, we look forward to celebrating what's possible when we suspend our assumptions about the service delivery system of today and imagine a brighter tomorrow.

We truly believe there's no better place to let our imaginations run wild than our venue for the 2023 ANCOR Annual Conference, Chicago. A hub of innovation since its founding nearly 250 years ago, Chicago has long been a stage for showcasing what happens when we reach higher and dream bigger. And, we think you'll agree that our venue at the Chicago Marriott Downtown Magnificent Mile will be the perfect backdrop against which to ponder a whole world of possibility.

We hope you'll join us for three days of building connections, sharing inspiration and shaping innovations. The ANCOR Annual Conference, the year's largest premier national gathering of I/DD service providers, harnesses the energy, experience and expertise of our nation's largest provider community.

BECOME A SPONSOR

ANCOR strives to deliver an Annual Conference experience that exceeds attendees' expectations and is an essential component of your company's annual marketing and engagement efforts. The ANCOR Annual Conference may very well be the missing piece in your company's marketing puzzle.
- **Access Thought Leaders & Decision Makers.** ANCOR brings together national and international leaders, policymakers, disability rights professionals, agency board members and advocates all under one roof to discuss vital issues facing the field.
