On behalf of our vibrant, ever-growing community of providers, ANCOR is thrilled to share what we have in store for ANCOR Connect ‘24, and we appreciate the opportunity to invite you to participate.

ANCOR Connect—the event formerly known as the ANCOR Annual Conference—will take place April 8-10, 2024, in Santa Fe, New Mexico. As always, the event will offer businesses like yours the opportunity to exhibit, to sponsor special programming and, most importantly, to leverage the nation’s largest gathering of leaders in the intellectual and developmental disability (I/DD) services community.

Held annually, ANCOR Connect convenes thought leaders from every part of the country. Its keynote addresses, hands-on workshops, interactive breakout sessions and other presentations on critical and timely subjects inspire, provoke, and precipitate conversations about the most pressing issues facing community-based disability providers.

Why participate in ANCOR Connect? Quite simply, it is:

- Your gateway to service providers, decision-makers, policy influencers, and others shaping the future of I/DD services.
- Your invitation to connect with nearly 1,000 like-minded professionals from communities across the country.
- The perfect place for your business to showcase its products and services in front of prospective customers and industry experts.
- A hub for information and services that empower providers to better support people with I/DD.
- Your opportunity to partner in the pursuit of the best practices and smart solutions that equate to fully inclusive communities for people with I/DD.

For more than 50 years, the American Network of Community Options and Resources (ANCOR) has been a leading advocate for the critical role service providers play in enriching the lives of people with intellectual and developmental disabilities (I/DD).

As a national nonprofit trade association, ANCOR represents nearly 2,000 organizations employing more than a half million professionals who serve more than one million individuals with I/DD. Our mission is to advance the ability of our members to support people with I/DD to participate fully in their communities.

Together we:

- **Shape policy:** We offer leadership and represent the needs and interests of private providers before Congress and federal agencies, continually advocating for the crucial role private providers play in enhancing and supporting the lives of people with disabilities and their families.
- **Share solutions:** We provide organizational, professional and leadership development; networking opportunities and services; innovations and leading practices in service delivery; and partnerships and collaborations that support our members in offering quality supports and services.
- **Strengthen community:** Our goal is to be the indispensable leader, resource and advocate for a diverse disability services network that ensures the full benefits of community engagement for people with disabilities of all ages.

ANCOR aims to:

- **Influence responsible federal public policy** to protect and promote quality services.
- **Obtain resources** to attract, expand and retain a quality workforce.
- **Be an invaluable resource** to equip providers and partners in understanding and responding to impacts, opportunities, emerging practices and trends.
- **Shape the future of service delivery** models and measures to ensure sustainable services.
WHY ANCOR CONNECT ‘24?
Each year, the ANCOR community comes together for three days to celebrate our accomplishments from the past year, look forward to the challenges and opportunities ahead, and celebrate the people whose imagination makes possible community inclusion for all.

It is in that spirit that we proudly announce the new name for what has long been our signature event! Although the new name, ANCOR Connect, reflects our mission to connect providers with the people and ideas that empower better services for more people, our signature gathering remains a hub for the learning, networking and the sense of community you’ve come to expect.

Building on the growing energy within our community, our theme for ANCOR Connect ’24 is The Power of We. This theme celebrates the strength of our community. It reminds us that when we connect as a network of diverse providers—large, small and everything in between—and we tap into a collective intelligence that translates into powerful results. There’s little we can’t achieve together when we learn from each other’s experiences, leverage each other’s talents, and pool our collective insights.

There is no better place to be than Santa Fe for an immersive learning and creative journey.
The strength of community is evident throughout the historical city of Santa Fe and its surroundings, as it abounds with history, culture, spirituality and a sense of reverence that is not found in many locations.

In 2005, Santa Fe became the first city in the United States to join the UNESCO Creative Cities Network, selected for its innovation, investment and community in a range of arts and creativity. Santa Fe is widely recognized as the world’s best city for art galleries and museums, and a recent article in Travel & Leisure recognized it as one of “10 of the World’s Best Cities for Art Lovers.”

But it is the history of trade that is imbedded in Santa Fe’s history and culture, from trade fairs that had been attended by early Pueblo Indians and Mexico’s indigenous population, to the Santa Fe Trail and the International Folk Art Market, there is a deep sense of community that permeates Santa Fe. Its diverse residents warmly welcome tourists and visitors throughout the year, helping all of us to be inspired by all that Santa Fe has to offer.

We are so pleased to bring our ANCOR community to this extraordinary community in the southwest, and at ANCOR Connect ‘24, we will be one community.

We hope you’ll join us for three days of building connections, sharing inspiration and shaping innovations. ANCOR Connect ’24 seeks to harness the “power of we” at the year’s premier national gathering of the I/DD services community.

What Sets ANCOR Connect Apart?

Whereas other conferences simply relegate sponsors and exhibitors to the exhibit hall only, ANCOR deeply values your participation in plenary sessions, educational breakouts, evening networking opportunities and every other aspect of the conference experience.

Thus, exhibitors and sponsors are encouraged to connect wherever participants can be found: sessions, receptions, meals and social activities.

As an added bonus, we’ll walk you through tips and tricks to make the most of the conference through our highly acclaimed “supercharge” session, a pre-conference virtual meeting that helps you make the most of your investment in ANCOR.

With a community as large as ours, ANCOR is going citywide in Santa Fe! ANCOR Connect will be a significant presence throughout downtown Santa Fe, with pre-conference sessions and the ANCOR Foundation Reception happening at the historic La Fonda on the Plaza. All keynote presentations, plenary sessions and breakout sessions, as well as the Exhibit Hall, will be located at the Santa Fe Community Convention Center. For lodging and accommodations, participants will choose from seven area hotels based on their location and budget preferences.

Room blocks for all hotel properties will open in late 2023; all paid and confirmed exhibitors will be sent notice of how to reserve their rooms before that date. We expect that all National Partners, conference sponsors, and exhibitors will book their hotel rooms within ANCOR’s contracted block of rooms.

We want all exhibitors at ANCOR Connect to have a positive experience. To support that objective, all confirmed exhibitors will be invited to participate in a Zoom meeting with ANCOR staff 2-3 weeks before the event to help you “supercharge” your exhibiting experience. That session will be recorded and made available to exhibitors unable to participate in the scheduled Zoom.

**Today’s Agenda**

During today’s call, we will:

- Provide a general overview of the 2023 ANCOR Annual Conference, including information about the schedule, venue, exhibit hall, etc.
- Walk you through the Conference app.
- Explain how the Lead Retrieval will work for exhibitors who’ve opted in for this service.
- Offer tips for engaging with Conference participants.
- Answer all of your questions!

*Sample agenda from last year’s exhibitor supercharge call.*
Back by popular demand, exhibitors will be asked to leave the traditional swag at home and instead select one of the many school supplies needed by area students. As event attendees visit our exhibitors, they will be picking up the “building blocks” of this unique team event that will take place once the exhibits are packed up. We will have a creative makerspace, with teams competing using only the “swag” (school supplies) gathered to build something that resembles a famous landmark in Santa Fe, like the Basilica Cathedral, the Opera House, or the Mission Chapel.

We expect some wonderful friendly competition and a lot of creativity again at the ANCOR Connect ‘24 Build Competition.

Participants at the Building for Better Schools 2023 event, which raised approximately $15,000 benefiting Chicago Public Schools.

As part of the fee to exhibit, all confirmed exhibitors will receive the post-event final attendee list within two weeks of the conclusion of the event. ANCOR National Partners will also receive the pre-event registration list.

Exhibit space will be assigned taking into consideration (1) organization type (i.e., National Partner, ANCOR member, all others), (2) the order in which payment of exhibit fees occurs, and (3) the proximity of other exhibitors that are direct competitors. No exhibitor may request a specific space assignment, and no exhibit space will be assigned prior to ANCOR’s receipt of payment for the full exhibit fee. ANCOR reserves the sole and exclusive right to determine final exhibit space assignments and to alter or modify space assignments at any time.

ANCOR is pleased to offer lead retrieval functionality through LeadPod Pro for a nominal fee of $400 (or a reduced fee of $250 for ANCOR National Partners). LeadPod Pro enables exhibitors who opt in to scan attendees’ badges and collect essential contact information. This is a great option for sharing data with your colleagues back home, and means you no longer need to collect a hodgepodge of virtual and hard copy business cards (or, worse yet, handwritten notes from attendees) to keep track of the conversations you have in the Exhibit Hall. This option allows exhibitors to collect valuable attendee information by simply using your phone to scan attendee badges.

Cancellation: If a situation should arise in which ANCOR postpones or cancels this annual conference for any reason, the following cancellation policy will take effect:

- If ANCOR Connect ‘24 is moved from the original date to a new date within the same calendar year, and the exhibitor cannot attend on those new dates, a full refund will be granted.

USE OF EXHIBIT SPACE
Exhibitors must confine all demonstrations or promotional activities to the limits of the exhibit space. Interference with the light and space of other exhibitors is prohibited. Exhibitors must keep all sound equipment and noise low to avoid disturbing the event and/or other exhibitors.
